## A few words from the Chairman

***Dr. Zakir Hussain***

M.A., M.Phil., PGDM, BJMC, Ph.D., LL.B.  
Chairman

Dear Student friends,

National Education Foundation (NEF), since its inception in the year 1993, has actively engaged in promotion of higher education in the entire North East India. NEF has been looking ahead for expansion, extension and dissemination of education with more and more courses of modern studies. In its efforts to encourage and inspire the young generation to opt courses of human and professional interest, the Foundation has maintained constant touch with the modern trends in the fields of educational exploration and thus, it has maintained its pace and progress unabated in realizing its aims and objectives. It now stands as one of the premier organisation of the North East Region of the country by virtue of its devotion and service to the society as a whole.

NEF Law College established in 2007, offers a Five Year Law course - B.A. LL.B. (Honours), B.B.A. LL.B. (Honours), B.Com. LL.B. (Hons), Three Year LL.B. and LL.M. under Gauhati University. The courses will meet the long standing demand of students of the entire NE Region, who want to opt for Legal profession 'by choice' and not 'by chance'. Above all, introduction of such a course in a College at Guwahati has reduced migration of students from this region to other states thereby minimizing 'brain drain' and at the same time can be deemed as a small but significant contribution towards the State Economy as it would reduce the outflow of resources- both human and financial. Thus, NEF's endeavor in this regard is hoped to be visualized as a pioneering step in popularizing and modernizing legal education in this part of the country.

NEF Law College is an excellent 'Learning-centered institution'. Your assistance is crucial and I am looking forward to work with you as we continue to strengthen and improve NEF Law College. Please feel free to send me any query or comments you would like me to consider.

Let me assure you that, we at NEF Law College, will develop and implement learning assessment, strengthen international opportunities, complete and implement core curriculum changes and continue development of technology with increased access. The Sky is the limit for NEF Law College. Those who wish to be the 'Legal Eagles of the future' are most welcome to NEF Law College.

I am looking forward to the next part of our collective journey towards success.

**(Zakir Hussain)**  
Chairman

## From Principal's Desk

**Dr. Ruma Bordoloi**

M.A., B.T., MBA, LL.M., Ph.D.  
Principal

Dear Students,

*The idea of studying law is an exciting and intriguing prospect. The decision of choosing an institution to pursue your under graduate Law degree is a very important one, and for most of you is the first major independent decision in your lives. This is a process that requires a lot of thinking. I take immense pride in welcoming you to NEF Law College, the first Law College offering five-year law programme in North East India.*

*In order to understand better the value addition of 'Law' education and its impact on the society as well as to groom up the budding talents and mould their career as Legal professionals, NEF Law College will undertake a comprehensive effort to develop and implement learning assessment. We want to become a 'learning-centered' institution and that requires a refocus on our attention to include learning and how it is assessed.*

*We do not lay emphasis on theoretical knowledge alone but stress on active participation of all students in the various national seminars, symposia, colloquia as well as moot courts that the college organizes. The interaction between our students and the speakers is of utmost importance to us, so we stress upon guest lectures by eminent legal luminaries, where the speakers to student ratio is less. In fact, Guest lectures and seminars are an integral part of our curriculum.*

*Pandit Jawaharlal Nehru once said, 'Idealism of today is realism of tomorrow'. NEF Law College is a place where this cherished dream would come true.*

*I, therefore, hope that this prospectus will encourage you to apply to study law in NEF Law College, and I look forward to having the opportunity to welcome you to our Law College.*

**(Dr. Ruma Bordoloi)**  
Principal

# OUR VISION

## OUR VISION

The advent of globalisation and its attendant issues has alerted the foundational backdrop of the legal culture and the activities centered around law, which demands serious attention of the policy makers and intellectuals. Law is no longer confined to its traditional paradigm of being identified as a mere discourse which controls external human conducts and ensures social justice. Law is slowly revealing itself as an essential medium of change as it proved to be a constructive and useful mechanism for implementation of economic policy, thereby strengthening the foundation of economy.

The new notion of law and jurisprudence demands a different attitude to legal studies and research. Theoretical knowledge – one mere confined to legal texts without interdisciplinary studies and practical exposure is unwarranted in the present day context, as one can not develop the skill of deciphering the legal issues which have surfaced as a result of the emergence of new economic understanding and technological development of the present millennium. All these necessitates Lawyers, Academics and Researchers with exposure and skill to play a crucial role in chartering the course of our nation with sensitivity, vision, conviction and dedication. This requires institution of high standards, which will stimulate intellectual inquiry and excellence.

In view of this, NEF Law College will not only imbibe the tradition of multidisciplinary approach to the legal studies and research but also will make a genuine endeavour to propagate such approach to both the privileged and unprivileged learners and researchers of law and jurisprudence and thus strive to emancipate such interdisciplinary culture from the elitist dogmatism and carry the same to the grassroots level of the society. The Institution will earnestly aspire to strengthen the foundation of democratic and social values in our young generation and mould them into “social engineers” who will work towards building a “new India”.

## OUR OBJECTIVE

- (a) to advance and disseminate learning and knowledge of law and legal processes
- (b) to develop in the students a sense of responsibility to serve society in the field of law by developing skills in regard to advocacy, legal services, legislation, parliamentary practice, law reforms and such other matters; and
- (c) to make law and legal processes efficient instruments of social development.

# CAREER PROSPECTS
